

## Ameriglo Night Sights

AMERIGLO Night Sight Sets are the best Night Sights available. Do Not pay more for sights that offer less! These sights are machined from steel to the highest standards. They use a durable white PVC sleeve to house the BETA LIGHTS. The PVC acts as superior shock-absorbing cushioning material for the BETA LIGHTS while providing a permanent highly visible white ring for exceptional daytime visibility of the dots. All Sight Sets include a front sight tool for tightening the front sight nut & and the rear adjustment wrench.

All AMERIGLO Sights are American Made and carry a Twelve Year Warranty.

We currently stock Sight Sets Only for Glock pistols.
